Washington Island Parks Committee

MINUTES

June 14, 2016

Present: Randy Sorensen, Liz Holmes, Cheri Miotke, Jill Jorgenson, Donna Benson
Guests: Tom & Linda Taylor, Jonathan Man, Mary Marik

1. Called to order at 4 PM.
2. Minutes from 5/16/16 meeting were approved.
3. No correspondence or communications.

4. **Schoolhouse Beach** – a water fountain will be put in by the washrooms. Jonathan Mann will be quotes on signage for the new kiosk as soon as Amy Jorgenson is available. Town crew will pour a cement pad for Ted Gunnlaugsson's bench

Mountain Park – town crew cut down the weeds, etc. at the flower bed at the park and will add mulch.

Heritage Trail – 100 acres of property in the middle of Green Bay woods will be logged next year. Donna & Cheri will remove the numbered plaques and trail boxes.

Little Lake – will keep eye on large limb of the Catalpa tree. Anchor fell over and will need a 'Keep Off' sign. More gravel needs to be spread from gate to pier for handicap use. Brush should be cleaned off museum roof. Jonathan will check on the park

Peoples Park – portion of property fence needs to be rebuilt.

Sand Dunes – Parking lines were not visible. Could police determine best way to park....parallel or pull-in? Perhaps another picnic table and a deck overlooking the lake?

Gislason Beach – Because of high water, the beach grasses have extended down to water. Not much sand left with the high water.

Witness Tree – Stone was placed by the water for sitting.

Percy Park – Town crew has received permission to remove debris at water's edge.

Boyers Bluff access – picnic table needs repainting.

It was decided to post a notice for a Parks Committee opening to replace Ted Hansen.

Tom & Linda Taylor noted that the holes in the Red Barn toilets were too large. Parks Comm. is not in charge of Red Barn. They need to talk to Community Center Comm. & Red Barn Committee.

Meeting adjourned at 4:30 pm
Next meeting Monday, July 18, 2016.

Submitted by, Donna Benson, Secretary
